Introduction

Technological innovations drive progress and are important assets for any company. Effective legal advice takes into consideration the requirements of all related areas of law, in addition to traditional elements, such as R&D, intellectual property strategies, employee inventions, technology transfers.

The seminar will take place in the heart of Munich and will offer an interdisciplinary overview and exchange with international lawyers specializing in technology agreements. All relevant aspects of cross-border technology agreements will be covered: commercial law, civil law, private international law, intellectual property law, antitrust law, international trade law (embargos/export control), tax and customs.

Mark your diaries now, save the dates and make sure to register!

We are looking forward to welcoming you to Munich!

All the information relative to our seminars is available on our Website www.uianet.org

The registration programme will be available in the coming weeks. For more information, please do not hesitate to contact us.
