On May 26 and 27, 2023, in collaboration with the Bizkaia Bar Association and with the special support of the Civil and Commercial Court of Arbitration (CIMA), the UIA is holding a seminar on highly topical current issues in the field of international arbitration: sanctions, arbitration, climate change and damage to the environment, arbitration in Africa (OHADA and Maghreb), and the powers of the arbitrator at the beginning of the proceedings (*Early Dismissal and Preliminary Determination*) and when the arbitrator's work ends. This will be

the 6th edition of the seminar in Bilbao, which has become a UIA classic. The working sessions will be held over a day and a half at the headquarters of the Bizkaia Bar Association. In addition to the high technical content of the sessions, as seen in previous editions, we shall have the opportunity to meet with colleagues and friends during the various social events: A welcome cocktail, coffee breaks, lunches, a cultural visit and an optional dinner, all of which will make this seminar an unforgettable event.

Please be sure to attend!

All the information relative to our events is available on our Website www.uianet.org

The registration programme will be available in the coming weeks.. For more information, please do not hesitate to contact us.
